The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Morant Wright Fuji Yield Fund, Sterling Accumulating Hedged Class, a fund within Morant Wright Funds (Ireland) plc (ISIN: IE00BQ5BN223)

The Fund is managed by Link Fund Manager Solutions (Ireland) Limited, part of the Asset Service Division of Link Administraton Holdings Limited.

Objectives and Investment Policy

Objective

The Fund's primary investment objective is longer term income growth while also seeking to preserve and increase its capital value through diversified investment in a portfolio of Japanese equities and related instruments which generate a yield above the market average.

Investment Policy

The Fund seeks to achieve its investment objective by investing in the equity securities of companies listed, or regularly traded on, a Japanese stock exchange. The Fund may also retain amounts in cash pending reinvestment.

Essential features of the Fund:

- The Fund has the discretion to invest in a range of investments as described above with no need to adhere to a particular benchmark.
- You can buy and sell shares in the Fund on each business day.
- Income from the Fund will be added to the value of your investment.
- Recommendation: This Fund may be suitable for those investors wanting to achieve longer term income growth with a diversified portfolio of Japanese equities and related instruments.

Risk and reward profile

- This indicator shows how much a Fund has risen and fallen in the past, and therefore how much a Fund's returns have varied. It is a measure of the Fund's volatility. The higher a fund's past volatility the higher the number on the scale and the greater the risk that investors in that fund may have made losses as well as gains. The lowest number on the scale does not mean that a fund is a risk free investment.
- The Fund has been classed as 6 because its volatility has been measured as high risk.
- This indicator is based on historical data and may not be a reliable indication of the future risk profile of this Fund.
- The risk and reward profile shown is not guaranteed to remain the same and may shift over time.
- For full details of the Fund's risks, please see the prospectus which may be obtained from the address in 'Practical Information' overleaf.

Charges for this Fund

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry Charge	5%
This is the maximum that might be taken out of your money before it is invested.	
Exit Charge	None
Charges taken from the Fund over the year	
Ongoing Charges	1.30%
Charges taken from the Fund under certain specific conditions	
Performance Fee	None

The entry charge shown is a maximum figure. In some cases investors may pay less. You can find out the actual charges from your financial advisor or distributor.

The ongoing charges figure is based on expenses for the year ended 31st December 2018. This figure may vary from year to year. The Fund's annual report for each financial year will include detail on the exact charges made. The ongoing charges are taken from the assets of the Fund which exclude portfolio transaction costs.

You may also be charged a dilution levy on entry to or exit from the Fund.

For more information about charges, please see the prospectus and supplement to the prospectus 'Fees and Expenses' sections, which may be obtained free of charge from the address in 'Practical Information' below.

Past Performance

- Past performance is not a guide to future performance.
- The past performance in the chart shown opposite is net of tax and charges but excludes the entry and exit charges that may be paid on the purchase and sale of an investment.
- The Fund and this share class launched in November 2014.
- Performance is calculated in GBP
